In order to do a DOC, we need a second source standard. Ordering from a different company is preferable but you can order from the same company as long as you get two different lots.

主题: Good morning

Good morning,

I am interested in purchasing 5.0 grams of pure 4-Methylcyclohexane Methanol. I need this compound for the making lab standard in laboratory analysis ASAP. If there is supplier in USA has this compound in their inventory, Please let me know or how I can obtain this compound form you.

Regards.

-Raj
